The original premise of

Am I Small Ben Ik

Phillip Winterberg's Bin
ich klein? (Am I Small?)
is simplicity itself, is
basically and sweetly
straightforwardly that
size is always and
forever relative and
that depending on the
body types and
proportions of those
around us, we are
perceived as being at
times small and at
times large (and thus,
we are everything, and
therefore just right).

Even normal-size men
may suffer small-penis
syndrome -- fear that
their penis is too small
-- and seek unproven
penis-lengthening
treatments. But some
men do suffer
micropenis or
inconspicuous penis.
