Columnists' Corner: Ephraim Schwartz breaks down the definitions of on-demand and SaaS, and asks is SaaS an overhyped model? "Yes and no," he answers his own question. Either way, it's too early ...

The difference between on-demand and SaaS | InfoWorld

Integration has been a focus for the SaaS pureplays, but also for the hybrid vendors, such as Oracle, which has developed prebuilt integration software for its CRM on-demand product and the on-premise Siebel CRM, to provide customers with a single view of their data.

On-demand vs on-premise: You pay your money, you make your ...

SugarCRM vs ArgusCRM Comparison in 2020

Yes its a core product for us along with Argus ValCap. However dealing with them is like having Tony Soprano collect your waste... I seem to spend my time signing off ever increasing costs for a product that is still a local database and fat client (so useless over VPN) and only a gradual move to SaaS/Cloud.
