The history and politics of the 20th Century provided inspiration for the diverse range of musical styles developed between 1900 and 1999, pioneered by composers ranging from Elgar and Britten, to Stravinsky, Gershwin, and John Williams. Advancing technology enabled the recording of classical music and jazz, which in turn lead to the rise of globe-straddling artists like Pavarotti and Callas.

The spectacular story of the growth and withering away of ancient Mediterranean urbanism is often drowned out by the noise of the rise and fall of the Roman Empire. Cities had begun to grow and connect when Rome was just a cluster of villages. And at its height, in the second and third centuries CE, the ancient urban system stretched far beyond the political limits of empire. Traders ...
