Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Carnegie Learning Assignment Answers Math

Many schools develop a rubric, while other give a point for each response. Some teachers who use Carnegie Learning curriculum go another route and give points for effort, not correct
