Cities of Salt Summary - eNotes.com

Although set in an imaginary oil kingdom, Cities of Salt is widely regarded as a roman à clef—a fictional account of real events, in this case the oil industry's impact on the Arabian Peninsula. The novel portrays in particular the impact on the Eastern Province of present-day Saudi Arabia, where the first oil exploration began.

Cities of Salt - University of Warwick

The “cities of salt” is a historical discourse of maintaining monopoly over people of rich resources. It is removing the dust of lies over the claim of emperor and leading the reader towards a truth. And that truth is Arab Rulers maintained their power with the help of west and suppressed their people from rights of resources.
