Education has played a central role in Islam since early times, owing in part to the centrality of scripture and its study in the Islamic tradition. Before the modern era, education would begin at a young age with study of Arabic and the Quran.

Education in Islam - Wikipedia

Aims and purposes of Muslim education. Islam placed a high value on education, and, as the faith spread among diverse peoples, education became an important channel through which to create a universal and cohesive social order. By the middle of the 9th century, knowledge was divided into three categories: the Islamic sciences, the philosophical and natural sciences (Greek knowledge), and the literary arts.

Education - Aims and purposes of Muslim education | Britannica

Islamic educational system was based on the deep personal relationship between the teacher and the student. For the teacher is the source of spiritual as well as professional guidance. Modern educational system is basically impersonal and the function of the teacher is more professional than moral or ethical.
