Farming The Home Place A

"Part oral history, part sociology, Farming the Home Place is the chronicle of three generations in the life of a Japanese-American farming community in California's San Joachin Valley. Matsumoto writes clearly, knowledgeably, and with affection for her subject, weaving the story of Cortez, a seventy-four-year-old planned agricultural colony, into the larger tapestry of twentieth-century Japanese-American experience.

Farming the Home Place - Book Review. The author of Farming the Home Place attempted to provide a broad survey of the work of farm women, impact on agriculture, adoption of technology, social ideology about farm women's role, government agricultural policy and farm women's labor in the Midwest. The book illustrated the major changes of the time period as well as defining significant difference and similarities in the lives of urban and farm women.
