Approximately 6,000 species of flora and 7,000 species of fauna thrive in the DR. Among the ones to look for on our island are the palmchat or Cigua Palmera, the DR's national bird–endemic to Hispaniola–or our pink-colored national cactus flower, the Bayahibe Rose, endemic to the DR.Reptiles and amphibians are present as well, such as the American crocodile, or the endangered Ricord's ...

Flora & Fauna - GoDominicanRepublic.com

Flora and fauna. Because the nouns flora and fauna usually appear together—the phrase flora and fauna refers to the plants and animals of a given area—it's easy to forget which denotes plants and which denotes animals. Both are usually treated as mass nouns applied to large groups of things, although they do have plural forms— floras and faunas (which most dictionaries recommend over florae and faunae)—should you ever need them.
