The Stalker X-Series LIDAR packs the industry's most advanced technology into the industry's smallest package. Plus, the new C-Thru Mode gives the XLR the ability to track moving vehicles through obstructions, school and construction zones, and in the worst weather conditions.

### Police laser- the LIDAR XLR and XS from Stalker Radar.

Some lidar manuals suggest aiming the beam at the license plate for best performance. Maximum detection range is maybe a half mile in good weather. A vehicle can be made stealthy by removing the license plate and covering all chrome parts, headlights, tail lights, parking lights, and turn signal lights with black tape.

Operating temperature of this product is between -20°C and 60°C. Do not use it beyond this ... TFmini Plus is a milestone of Benewake in the process of promot ing the cost-effective -LiDAR. Apart from low-cost, small-size and low-power-consumption, TFmini Plus also improves the frame rate, introduces .

### Product Manual of TFmini Plus

This manual provides a guide to Ouster Studio's graphical interface. In particular, it will cover the acquisition, visualization, and analysis of live and pre-recorded data obtained from an Ouster lidar sensor. The guide assumes that the user already has access to an installed sensor or pre-recorded sensor data.
